What's New & Improved?

With minimal strain on system resources, additional usability features for added control, and power-packed advancements to our anti-malware technology, including advanced Genotype detection technology and a deep level rootkit removal system, Ad-Aware gives all users the power to protect their privacy and security online.

- ✓ **Comprehensive Malware Protection**
Powerful protection against virus, spyware, trojans, worms, malware, rootkits, dialers, and more.
- ✓ **Genotype Detection Technology & Behavior-based Heuristics Detection**
- ✓ **New! Ad-Watch Live! Files**
Blocks malicious files from entering your system, and alerts you to malicious files already on your PC.
- ✓ **The Neutralizer**
Advanced removal tool
- ✓ **Do Not Disturb Mode**
Enjoy movies or games without the annoying interruptions or strain on system resources that other security software programs often cause.
- ✓ **Download Guard** for Internet Explorer
- ✓ **New! E-mail Scanner**
Keeps you safe from malicious attachments and images in your e-mail.
- ✓ **Minimal Strain on System Resources**
- ✓ **New! Rootkit Removal System**
Deep level rootkit technology that uncovers and destroys hidden threats, detecting both user-mode and kernel-mode attack techniques.

Highlights

Ad-Aware gives users...

- **The Power to Protect.** In keeping with Lavasoft's vision that every computer user has the power to control their individual privacy and security, Ad-Aware features advanced Genotype detection technology and triple threat protection against viruses, spyware, and rootkits.
- **The Power to Decide.** The new version has usability features – including Simple Mode, Advanced Mode, and Do Not Disturb Mode – that give users the power to tailor the program to their individual wants and specific needs.
- **The Power to Create.** We're now giving our users the power to make Ad-Aware their own by creating and/or choosing from custom skins, community-driven translations, and community developed plug-ins. And, it's just the start of what's to come from the new MyLavasoft community.

Getting Started

Ad-Aware is easy to download and install:

1. Click on the link to start the download process:
http://download.lavasoft.com/public/trialdl/Ad-Aware_522.exe
2. Follow the installation instructions.
3. In order to set up Ad-Watch, you will need to restart your PC.
4. To start the program, just double click the Ad-Aware icon or click **Start**, then select **Program > Lavasoft > Ad-Aware**
5. Your Ad-Aware has been pre-configured to make scanning and cleaning as easy as possible. Lavasoft SmartSet provides settings for scans and recommended actions for found infections. You can, however, change these settings and customize the program to fit your individual needs.

Additional Resources

Online Help: Video tutorials, answers to FAQ's, and access to your technical support account can be found in the Support Center at www.lavasoft.com/support/supportcenter/

User Guide: The Ad-Aware manual can be accessed by clicking **Help** in the program, or by visiting our website at: http://www.lavasoft.com/support/supportcenter/product_manuals.php
